# ASIA 2024

## Greetings from the heart of Southeast Asia!

It is with great pleasure and excitement that we extend a warm welcome to you for the upcoming IMCAS Asia. Covering global developments in dermatology, plastic surgery, and aging technology, IMCAS Asia provides an exceptional setting to address areas such as energy-based devices, injectables, biostimulators, and new surgery techniques.

Explore the fundamentals of science and anatomy and build confidence in performing aesthetic treatments that are trending in our region and specialty work. Our partnering scientific committees have worked diligently to curate an engaging and thought-provoking program that covers the latest advancements, techniques, and breakthroughs in the world of medical aesthetics.

We are confident that you will find the sessions both informative and inspiring. Immerse yourself in a dynamic atmosphere, where knowledge knows no boundaries, and connections that will last a lifetime. As you embark on this journey of learning and collaboration, we hope you take this opportunity to explore the unique traditions and modernity that Bangkok has to offer.

Safe travels and see you soon in the Land of Smiles!

*The IMCAS Scientific Board*

### HONORARY PRESIDENTS

Benjamin Ascher  
Plastic Surgeon  
France

FOUNDER

Apichai Angspatt  
Plastic Surgeon  
Thailand

Apirag Chuangsuwanich  
Plastic Surgeon  
Thailand

Naline Sutthipisal  
Dermatologist  
Thailand

Hugues Cartier  
Dermatologist  
France

Sebastien Garson  
Plastic Surgeon  
France

### COURSE COORDINATORS

## Attendee Feedback

“This is a wonderful conference, thank you for continuing to bring IMCAS to Bangkok! I gain so much information and knowledge to apply in my own clinical practice.”

DR. YUTINUN UEAREETHUM - DERMATOLOGIST, THAILAND

“Outstanding experience with great scientific content. Superb organization and a wonderful learning experience for everyone.”

PROF. HUSSEIN ABULHASSAN - PLASTIC SURGEON, EGYPT

“Amazed at the global selection of lectures with a variety of insights into the world of medical aesthetics. We look forward to attending the next IMCAS Asia conferences.”

DR. NAVEEN CHANDRA ATLURU - DERMATOLOGIST, INDIA

REAL PATIENTS,  
REAL RESULTS

1.FDA 510(k) Premarket Notifications K230272 & K232362.

Not all indications are approved in all markets; check with your local sales representative for further information.

The Renuvion APR Handpiece is intended for the delivery of radiofrequency energy and/or helium plasma where coagulation/contraction of soft tissue is needed. Soft tissue includes subcutaneous tissue. The Renuvion APR Handpiece is intended for the coagulation of subcutaneous soft tissues following liposuction for aesthetic body contouring. The Renuvion APR Handpiece is indicated for use in subcutaneous dermatological and aesthetic procedures to improve the appearance of lax (loose) skin in the neck and submental region. The Renuvion APR Handpiece is intended for the delivery of radiofrequency energy and/or helium plasma for cutting, coagulation and ablation of soft tissue during open surgical procedures. The Renuvion APR Handpiece is intended to be used with compatible electrosurgical generators owned by Apyx® Medical.

As with any aesthetic procedure, individual results may vary. As with all energy devices there are inherent risks associated with its use. Risk associated with the use of the Renuvion APR may include: helium embolism into the surgical site due to inadvertent introduction into the venous or arterial blood supply system, unintended burns (deep or superficial), pneumothorax, temporary or permanent nerve injury, ischemia, fibrosis, infection, pain, discomfort, gas buildup resulting in temporary and transient crepitus or pain, bleeding, hematoma, seroma, subcutaneous induration, pigmentation changes, increased healing time, scarring, asymmetry and/ or unacceptable cosmetic result. Please see the instructions for use for more detailed information.
